To become a Parkinson's/Stroke Champion, you can sign up for an annual fee of \$75.

*The 'Pre-planning assessment' comes after clients have been accepted onto the NDIS, but prior to their 'Planning Meeting' with a Local Area Coordinator. This meeting goes through navigation of the NDIS system, setting of goals, and identifying the services and supports required to meet these goals. Further functional or standardised assessments may be completed as part of this meeting to prepare for the Planning Meeting. Planning Meetings are welcome to be held at the Parkinson's SA office, where one of our client support officers will assist with the meeting. Please make sure to contact us prior to organising the planning meeting to ensure a client support officer will be available to assist.
